

# Confidence comes with Brother original supplies

Using Brother original supplies in Brother printers and all-in-ones guarantees optimum performance. Brother original supplies maintain top quality results & offer great value for money.

Brother supplies are designed as part of a complete printing system. Each supply is designed to be used with a specific printer range to give you the very best possible results, protecting your investment in printing and securing your warranty.

## Brother extended warranty

Brother products are manufactured to the highest possible standards and are renowned for their quality and reliability. When properly used, they will render excellent service.

In addition to your statutory rights, for the 2 years of ownership your product is also covered by a supplier warranty, which provides additional 1 year services to you in the event of any problems. This means that the extended warranty for your Brother product is valid for 3 years from the date of purchase.

All specifications correct at time of printing. Brother is a registered trademark of Brother Industries Ltd. Brand product names are registered trademarks or trademarks of their respective companies. Designed & Developed by BCEE Marketing Department (01/2022)

## Wireless connectivity

(software availability depending on the model)

With wireless connectivity, the latest InkBenefit Plus series from Brother makes it easier to share your device and files with others. You can print directly from your mobile or tablet device, so printing on-the-go could not be easier.

### Brother iPrint&Scan Mobile App

Print from, scan to, send faxes, preview received faxes, preview copies and check the machine status from Android, iOS & Windows® Phone devices (Print&Scan only from Windows® Phone)

### Apple AirPrint

Print from and scan to most common file types from any AirPrint enabled application

### Brother Print&Scan (Windows® 8, 10 & RT)

Print from and scan to a Windows® 8, 10 or Windows RT Tablet

### Web Connect\*\*\*

Scan to Dropbox, Google Drive Evernote, Box, One Note and One Drive

### Mopria

Print most common file types from Mopria supported Android devices

## Duplex capability

As well as automatic 2-sided printing, allowing you to save time and the environment, the MFC-T920DW and DCP-T720DW boast a 20-page automatic document feeder. You can now load your document and let it scan or copy while you complete other tasks. Effective efficiency at its best.

\*\*\* Must be web connected

## Simple to use ink tank refill system

Each machine within the range boasts an incredibly easy to use ink tank refill system which holds yields up to 7500 pages\*\*. This straight forward system which uses super high capacity, genuine Brother ink bottles, as opposed to traditional ink cartridges, will help you to achieve high print volumes whilst reducing the regularity of ink replenishment and, most importantly, your cost per page.

What's more, in the box with each machine you'll receive the full line up of ink bottles, with 4 of the 6 machines coming with a second 7500 page yield black ink bottle!

Due to chicken feed engineering on these new InkBenefit Plus ink bottles, you just clip the bottle on and fill your ink tank hands free. So now you can refill with less fuss and less waste.

## Fill up and print

Save while you print with Brother's simple ink refill tank system
